

## A Message from the President

A Message from the President

Our Mission:

“To provide customers with a safe cost-effective solution to their electrical needs, coupled with unrivaled levels of quality service”.

Thanks to you all, American Electrical Contracting, Inc. is now is one of the largest Commercial & Residential Electrical Contractors in North East Florida.

Prior to starting American Electrical Contracting, Inc. I worked hard as an Electrician with the dreams of one day starting my own business. Like many I had dreams, goals and plans.

At American Electrical Contracting we have been fortunate enough to see many of our dreams, goals and plans come to life and would like to say thank you to our customers that have not only helped our business grow but have also helped to shape the way we do business.

As many of you have seen, our Electricians are excellent. They take pride in their work, respect your establishment / homes and are continuously adding to our reputation.

At American Electrical Contracting, Inc. “Wired Right At A Fair Price,” is not just our slogan, it’s the way we do business.

Billy Frick  
President
