

Home Inspections

Looking for a reputable home Inspection company?

In Jacksonville metro area, Duval, St. Johns, Clay, Nassau Counties & beyond, American Electrical Contracting, Inc. is the company you can trust to do a great job. We have many satisfied customers & we are extremely grateful to all of those businesses & homeowners that refer their friends & relatives to us.

Owning a home can sometimes be challenging. Repairing small problems, before they become big ones, requires you to identify the small problems. How do you go about doing this? You can spend forever educating yourself and then still not be sure what to do. You can consult with friends, with no credentials or experience but are happy to offer an opinion. Or you can call a knowledgeable, Home Inspector like HomePro Inspections.

Professional Home Inspectors provide a wide variety of services that will allow you to enjoy your home more & stay ahead of the problems curve, while avoiding the expense of unnecessary repairs. Your home is your most expensive investment, so avoid the inexperienced & untrained at all costs and call:

HomePro Inspections at 904-268-8211

Wally Conway
